

REBOOT SKILLS
DIM-ECC

Rebooting
manufacturing industry
with **free short trainings**
to upskill advanced
digital skills

Co-funded by the
European Union

Reboot Skills is funded by the European
Union under GA 101100696.

Ongoing
REBOOT
trainings
overview!

Free short trainings!

Information and REGISTRATION: [→](#)[→](#)[→](#)[→](#)

Scheduled trainings online:

- 01** 14.10. at 14:30-15:30 EET, panel-webinar
Using Data Driven AI in Product Development and Manufacturing
- 02** 24.10. & 31.10. online 2x1,5h + optional digi-lab 08.11. Oulu
Synchronizing physical and digital twins
- 03** 23.10.-06.11. online 3x1,5h
Operational Technology (OT) Cybersecurity
- 04** 29.10.-10.12. online 8x1h + optional: 18.12. Oulu
Cybersecurity project training – bring a case!
- 05** 13.-22.11. online 4 x 90min
Sustainable ICT and IoT
- 06** 19.11. at 11:-13:00 EET
Optimizing edge AI models with high performance computing

Self-paced online trainings:

- 01** Robotics for all
- 02** Modern Robotics
- 03** AI for Computer Vision
- 04** Advanced Deep Learning:
– Foundation module
- 05** Advanced Deep Learning:
– Vision module
- 06** Skills in data visualization
- 07** Programming basic skills with Python
- 08** Industrial Automization
